Trays all look alike when they are new, but not all are designed to last and you will only realize this after using them!

The self-service tray NF label is awarded by AFNOR.

It guarantees that the certified trays meet very strict criteria:

- Abrasion resistant
- Resistance to heat and thermal shocks
- Impact resistant
- Dishwasher safe & stain removal
- Anti-aging
- Regularity of the production quality
- Traceability.

CONTROLE PAR LE LNE
PLATEAUX POUR LIBRE-SERVICE

All tests are carried out under real or simulated conditions and companies holding the Label are audited regularly.

This is the only specific label in Europe guaranteeing the quality of the trays, there is no equivalent.
